

## TEAM MEMBER CONTRACT

**Student Name:** \_\_\_\_\_ **Grade:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**School:** \_\_\_\_\_ **City:** \_\_\_\_\_ **State:** \_\_\_\_\_

---

**I, as a learner of robotics,** I promise to uphold the core values.

**I will work well** with my partner and help everyone succeed. Share ideas, listen to my teammates and take turns building and programming.

**I will be kind and respect** everyone's ideas, NOT touch or change someone else's robot without permission, listen when others are talking and encourage others, even when things don't work perfectly.

**I will ask questions** when I don't understand, try my best and not give up when things are hard and will ask for help when I need it.

**I will try different solutions** when my first idea doesn't work, stay positive when challenges are difficult and celebrate my progress, not just perfect results.

**I believe** that I should be treated fairly, with respect and kindness, and I will treat all others in the same manner.

**I will not damage** school property, other teams' materials, or any property that is not my own. I understand that causing harm or damage to other people or their property will result in appropriate disciplinary action and fines.

**I will handle robots and equipment carefully,** clean up and put away materials at the end of each session, and follow safety rules and instructor directions.

**I understand,** it's okay to make mistakes, that's how we learn! Everyone on the team deserves respect and encouragement.

---

***By signing this contract, I agree to follow these values and be a positive, contributing team member.***
